MISSOURI STATE

2009

CAMP BEAR

SUMMER DAY PROGRAM
JUNE 8-JULY 31, 2009

YOUTH ENTERING GRADES K-9

SPONSORED BY
THE COLLEGE OF EDUCATION

AN ACADEMIC ENRICHMENT PROGRAM WITH PIZZAZZ!
Camp Bear will be held in eight, one-week sessions (Monday-Friday) on the Missouri State University campus from June 8 to July 31. Sign up for as many weeks as you want. Choose from a great list of morning and afternoon enrichment classes. The days are full of fun activities on campus, and off-campus during field trip week. Camp Bear is for kids entering grades K-9 this coming fall.

**FUN CLASSES!**
This Missouri State University program features a blend of academics and enrichment in a progressive, fun, and safe learning environment. Our classes do not include tests or homework but are designed to stimulate curiosity and discussion and encourage a love for learning. Limited class sizes make this an outstanding environment with personalized attention from professional educators.

**The PIZZAZZ!**
Camp Bear offers swimming, team and individual sports, leisure activities/crafts, demonstrations, challenge and teambuilding opportunities, plus other unique and interesting recreational fun! Led by a dynamic staff, all activities are organized and planned according to grade level, interest and abilities. There is always an emphasis on safety, sportsmanship, proper conduct, communication, teambuilding and leadership.

**Camp Bear Highlights**
- Full-day program sessions, Monday-Friday from 8:45am-4:30pm!
- FREE before and after supervision from 7:30-8:45am and 4:30-5:30pm!
- Daily outdoor recreation activities and FUN!
- Two academic enrichment classes per day!
- FREE Camp Bear t-shirt!
- Limited class size, low camper/staff ratio!
- Discounts for multiple weeks and siblings!
- Tuesdays - FREE buffet lunch!
- Academic staff - enthusiastic, top-notch professional educators!
- Recreation staff - dynamic, creative and FUN leaders!

**Camp Bear Objectives**
- Academic enrichment
- Lifelong love of learning
- Health, fitness and leisure
- Appreciation of the world around us
- Ability to learn and play with peers
- Concern for others and teambuilding skills
- Individual growth and development
- Mentoring and leadership skills
- Physical, mental and emotional health

Sponsored by the College of Education

          2:15–2:30    Snack
          2:30–4:30    Recreation/Activities
Pick-up  4:30–5:30  Supervised Group Play

Field Trip Week
June 29-July 2 (No Camp on Friday, July 3!)
There will be no academic enrichment classes scheduled. A specific agenda is planned each day. Campers will travel to pre-arranged local attractions via a Missouri State University van or school bus (driven by certified drivers) and will be carefully supervised by the recreational staff. Those registering for Field Trip Week will be sent a special itinerary. Parents will be asked to sign appropriate permission forms. The regular weekly fee will cover all admissions and travel costs.

(417) 836-3141 • http://CampBear.MissouriState.edu
Week 1 • June 8-12
AM1 • All About Me!
A class all about you! After all, what could be more interesting? In this class, you will get to know one another and create friendships to last throughout camp and beyond! We will center our activities around you and your family. Who knows, you may learn something new about yourself!

AM2 • Catch Up with Clifford
Join everyone’s favorite big red dog and Emily Elizabeth for a week of fun and excitement! We will read about all the BIG adventures of Clifford and his friends and follow up each story with a fun activity. We will even see Clifford on the big screen!

Week 2 • June 15-19
AM1 • Mice Are Nice and Bunnies Too
What do mice and bunnies have in common you might ask? Why lots of stories about our furry friends of course!! We will read different books and create puppets to go with each story. So hop or squeak on in and join the fun!

AM2 • Just Gingerbread!
Did you know that there is a gingerbread GIRL? Join us as we learn all about gingerbread people through various children’s books, like The Gingerbread Man. We will make our own puppets and paint our own gingerbread! Catch this class if you can!

Week 3 • June 22-26
AM1 • Graph It!
If you enjoy sorting, counting, or exploring graphs, this is the class for you! We will graph things from our favorite colors to our favorite candy. So if you have a sweet tooth and enjoy math, we’ll be waiting for you!

AM2 • Super Math Agents
Quick! We need your help! Join the other Super Math Agents as we help Leon the Chameleon and his pals complete top secret missions! You will even be in a game show that explores relationships with numbers! Brush up on your math skills and have a blast in this class! We need YOU!

Week 4 • June 29-July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
AM1 • Around the World in 80 Pages
Come with us as we visit Guatemala, Africa, Ukraine, Britain, Australia and many more places, without ever leaving the classroom! Using children’s literature, we will explore these countries and continents and their culture. Get ready for an exciting journey!

AM2 • Let’s Play Restaurant
Do you like to eat out? Have you ever wondered what it would be like to name up in lights? In this class, you will create your own restaurant. We will design healthy menus and advertise our chef’s choices. Come be our guest and let us serve you in this interactive class.

Week 6 • July 13-17
AM1 • If You Give a Pig a Pancake...
So what would really happen if you give a pig a pancake, a moose a muffin, or a mouse a cookie? You’ll have to read to find out! Join us as we explore Laura Numeroff’s award winning books through hands-on activities, songs, snacks, and much, much more!

AM2 • Bug Mania
Six legs, eight legs, too many to count! Slimy, slippery, and strange! Creepy, crawly, and crunchy! In this class, we will explore the many different kinds of bugs, and even catch some of our own! If you are a bug enthusiast, this is the class for you!

Week 7 • July 20-24
AM1 • I Scream, You Scream for Ice Cream
Chocolate, vanilla, strawberry, and more! Come join us as we indulge in one of Summer’s favorite foods...ICE CREAM! Throughout this class, we will be taking part in many activities that help us better understand the history of this yummy, yummy treat! Bring your sweet-tooth!

AM2 • Storybook Acting
Have you ever wondered what it would be like to be a character in a story? Well, this is your chance! We will read The Little Baby Snoogle Fleejer, pick our roles, and act out the story. We will even create alternative endings! Dive into this book and get into character...take two!

Week 8 • July 27-31
AM1 • Dr. Seuss on the Loose
Do you like green eggs and ham? If you do, this is the class for you. We will explore a different Dr. Seuss book every day and discover the magic of rhyming words and poetry. We will write our own poems, participate in interactive games and crafts all based on the writing’s of Dr. Seuss.

AM2 • A Whirlwind of Weather
Toto, we’re not in Kansas anymore! Join us as we explore the many different elements of weather! In this class, we will make tornado tubes, a cloud in a bottle, wind socks, and we will even conjure up our very own thunderstorm. All aspiring weathermen and women, this is the class for you!
Learn a lil’, play a lil’…We offer a great balance of learning and playing each day at Camp Bear. Explore, imagine and grow in a rich and safe environment. Choose from two great classes in the morning and afternoon. 
Super fun for campers entering grades K-1!
Camper must pick ONE morning (AM) class and ONE afternoon (PM) class for each week attending.

Afternoon Classes  12:30-2:15pm

Week 1 • June 8-12
PM1 • May the Best Planet Win!
In this class, you decide which planet is best. Is it Venus with its acid rain? Mars with its mountains? The storms on Jupiter? What about Saturn’s rings? We will view 3-D images of these planets and learn some amazing facts. You will create your own planets and moons as we look at what makes each planet different.

PM2 • Foam-tastic Fun
This class will be a fabulous foam frenzy of fun! We will make and decorate several types of objects such as frames, bookmarks, hats, door hangers, and much more using fantastic foam materials. If you’re ready to get creative and have some foam-tastic fun, this is the class for you!

Week 2 • June 15-19
PM1 • Zipping, Zapping, Zooming Bats
It’s a bird, it’s a plane, it’s a…bat! Would you like to learn more about these furry little creatures that zip, zap, and zoom in the night? We will use books to distinguish fact from fiction. Are these bats getting a bad rap? You decide! Join us as we learn about bats and make some fun crafts to go along.

PM2 • Money, Money, Money
Have you ever wondered where money comes from? Where it goes when you spend it? How was money invented? Or…if you can get YOUR face on a dollar bill? In this class, you will learn all about money, including supply and demand, needs and wants, and much more. You will even have the chance to earn a little spending cash (fake of course!) for our Friday auction!

Week 3 • June 22-26
PM1 • Hot Fun in the Summer Sun
It’s summer! What are some of your favorite summertime fun activities? Do you like to blow bubbles, fly kites, or play games? In this class, we will explore the many wonderful things that summer has to offer. So, sign up for this fun in the sun class!

PM2 • Choo Choo off to the Zoo
Lions, and tigers, and bears! Oh my!! Not only will we be taking a zoo adventure into the lives of these animals, but we will also explore many other zoo animals and their habitats. We will write stories, sing songs, play games, and even make some zoo snacks. Choo Choo we’re off to the zoo!

Week 4 • June 29-July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
PM1 • Sense-a-tional Celebration
Smell, taste, sight, sound, and touch! We will explore the five senses, using games, literature, and other activities. While devoting one day to each of the senses you will walk out of this class with a new “sense” of your surroundings. Join this sense-a-tional course.

PM2 • Rock Band!!
One, two, three, hit it! Have you ever wanted to perform in your own rock band? This is your chance! We will create our own musical instruments with supplies you may find around the house. In this creative and hands-on course, you will perform like you have always wanted. It’s your time to shine!

Week 6 • July 13-17
PM1 • African Safari Adventure
Have you ever wanted to go on an African Safari? This is your chance! Each day we will study a different animal, area, people, and their cultures and traditions. We will use various activities to travel through Africa, experiencing as much of the land as possible. Bring your binoculars!

PM2 • Oceans of Fun
This class will take a creative hands-on approach to learning about the ocean and the creatures in it. From the very big to the teeny tiny, each ocean dweller has a story to tell us! We will use our senses to hear, smell, see, and touch the ocean in the comfort of our classroom. If you love the water, swim on into this class!

Week 7 • July 20-24
PM1 • Eight Legged Friends
Creepy, crawly or splendid spiders? You decide! In this class, we will learn everything there is to know about our eight legged friends. We will make our own webs, spider gliders, and edible spiders as well. You may be surprised at what you find out!

PM2 • Feeding Gregory the Goat!
Do you think eating healthy is boring or just plain yucky? This class could change your mind. Join us as we learn about the food groups and how to eat right. We will read Gregory the Terrible Eater and create dishes that he is sure to gobble up!

Week 8 • July 27-31
PM1 • Once Upon a Time
Once upon a time there was a camper who took an extraordinary adventure through storytelling. This camper sequenced the live of Cinderella, decorated the Gingerbread man and planted more beans for Jack. Join our camper in the study of fairy tales and we guarantee your week will end happily ever after.

PM2 • Beautiful Butterflies
In this class, we will learn about butterflies of all shapes and sizes. We will study the life cycle of a butterfly and even have the opportunity to observe a chrysalis and how it changes. What’s more fun then seeing butterflies in their natural habitat?
Big Bears

Morning Classes  9:15-11:00am

Week 1 - June 8-12
AM1 • May the Best Planet Win!
In this class, you decide which planet is best. Is it Venus with its acid rain? Mars with its Mountains? Storms on Jupiter? What about Saturn’s rings? We will view 3-D images of these planets and learn some amazing facts. You will create your own planets and moons as we look at what makes each planet different.

AM2 • There’s a Monster in My Classroom
In this not so scary class, we will read a handful of books about monsters of all shapes and sizes! We will create our very own monsters, as scary as you like, using a variety of monstrous materials. Some of our monsters will even be edible! Lastly, we will bring our monsters to life through a story starring your monster!

Week 2 • June 15-19
AM1 • A Whirlwind of Weather
Toto, we’re not in Kansas anymore! Join us as we explore the many different elements of weather! In this class, we will make tornado tubes, a cloud in a bottle, wind socks, and we will even conjure up our very own thunderstorm. All aspiring weathermen and women, this is the class for you!

AM2 • Letters to Arthur
Do you like to write? Come and join us as we write letters with Arthur and his gang. Learn how to write friendly letters, write an e-mail, a postcard and even receive some mail back. Join Arthur’s new poetry and writing club guaranteed to be an adventure for all.

Week 3 • June 22-26
AM1 • Neat-O Native Americans
Have you ever wondered how the Native Americans survived without the amenities that we depend on today? In this class we will travel back in time to learn about numerous tribes and how they lived. We will create our own tepees, totem poles, canoes, and rain sticks.

AM2 • I’m an Inventor!
Thomas Edison and Alexander Graham Bell would love this course! Think like an inventor as you create your own contraption to make your everyday life easier. Do you need an automatic room cleaner or a pizza making robot? The possibilities are endless as it’s YOUR invention!

Week 4 • June 29 - July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
AM1 • Adventures of Spelunking
We will transform our classroom into a cave and begin our spelunking journey! In the process we will learn how caves are formed, how the first caves were used and maybe even meet some of the animals who live in caves.

AM2 • Incredible Authors
Join us as we travel through literature in this class based on children’s author studies. We will dive into a different author everyday by sharing several books in small groups. We’ll participate in hands-on activities and act out some favorites.

Week 6 • July 13-17
AM1 • ABC’s of Science
A science experiment starting with every letter of the alphabet? Yes! This class features hands-on experiments from A to Z. If it fizzes, pops, expands, explodes, floats, or sinks, it’s in this class. Calling all scientists!

AM2 • Dance Under the Big Top
Join us under the big top for circus school as we learn tightrope tricks and some awesome acrobatics. Learn circus dance steps as we transform and take on the roles of circus troupers for a spectacularly-amazing-out-of-this-world circus dance extravaganza.

Week 7 • July 20-24
AM1 • Creepy Crawlers
Join us in this class as we learn all about insects. We will read fun books, search different bugs, illustrate our favorite creepy friends and enjoy buggy snacks.

AM2 • Road Trip America
Take an American road trip without ever leaving the classroom. Travel West coast to East coast learning about different regions in the United States. Put your geography and history skills to the test on this journey. So buckle up and let’s hit the road!

Week 8 • July 27-31
AM1 • Fun with Chinese
Have you ever wondered what your Zodiac sign is? In this class, we will explore the Chinese Zodiac and the importance of lucky numbers, learn the strokes of Chinese calligraphy and even how to speak some simple phrases.

AM2 • Let’s Explore Ice Cream!
This tasty class will focus on the evolution of ice cream over the past 5 decades. We’ll make our own ice cream, sample and discuss our favorite flavors, and even have a guest speaker. Ice cream is rich in flavor and history so let’s explore America’s second favorite pastime together!
Big Bears get a choice between two morning classes and two afternoon classes!

You will have great fun during class and recreation time learning to be camp leaders.

Exciting times for campers entering grades 2-3!

Camper must pick ONE morning (AM) class and ONE afternoon (PM) class for each week attending.

Afternoon Classes 12:30-2:15pm

Week 1 • June 8-12
PM1 - Zipping, Zapping, Zooming Bats
It's a bird, it's a plane, it's a…bat! Would you like to learn more about these furry little creatures that zip, zap, and zoom in the night? We will use books to distinguish fact from fiction. Are these bats getting a bad rap? You decide.

PM2 - Brain Teasing Math
Do you like solving puzzles and brain-teasers? Well you've come to the right place! In this class we will work individually and with partners to solve interesting mathematical puzzles and brain-teasers. We will discover that there are many ways to get to a solution.

Week 2 • June 15-19
PM1 - Get Smart!
In this class we will get smart about nutrition. We will create life-size models to learn about the journey food takes as it enters and flows through the body. You will leave this class with a better understanding of our body.

PM2 - Wild About Water
People have relied on water for millions of years, and this class will be no different. Pour on in and learn about the relationships between civilization and water. We will explore water resource management, wetlands, the purpose of watersheds, and much more!

Week 3 • June 22-26
PM1 - Past and Present Presidents
From Obama to Washington, no president will be left out! We will find out how our presidents’ lived, dressed, traveled, and ate. Leave this class with your very own powdered wig and model log cabin. So elect to have some fun and join this class.

PM2 - A Day in Space
Enter the world of the unknown when you enter this class. With the room as our spaceship and desks as our command centers, we will explore the galaxy, find new planets, and claim them for our own. To infinity and beyond!

Week 4 • June 29 - July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
PM1 - Let's Go on a Safari
In our very own jungle of a classroom together we will go on a safari and learn all about different exotic animals lurking around us. We will develop safari projects, sing songs and even learn some native dances. Join us as we venture into the depths of Camp Bear on our discovery of wild animals.

PM2 • Around the World in 5 Days
Make boomerangs, Origami, leis, and much, much more in this class. We will circle the globe in just five days, exploring Japan, Africa, Hawaii, Italy, Australia, and Mexico. Study their cultures through hands-on activities and games! Grab your passport and let's go!

Week 6 • July 13-17
PM1 - Pump it Up!
I'm going to pump you up! This class will consist of fun exercises like Taeko, kickboxing, and aerobics. We will really get our blood pumping as we get physical and work as a team to complete various games and activities. Join this class and you will see that exercise is fun!

PM2 • No Bake Eatery
What do math, science, and food have in common? A lot if you are cooking! We will cook tasty treats using our math and science skills. There are no appliances needed for these experiments just your hands! Bring your appetite and leave full!

Week 7 • July 20-24
PM1 - It's All in the Cards
Let's play cards! What kid doesn't love a little friendly game of cards, in this class we will learn to play America's favorite card games. Learn rules and strategies you will be able to take out of this class to play with family and friends. No Card Sharks Allowed!!

PM2 • Going Green and Staying Clean
At a time when everyone is trying to go green and keep our Earth clean, learn the importance of conservation and recycling! We will separate myth from truth when it comes to recycling and learn simple ways to conserve energy, water, and more. Learn how you can implement a recycling program at home and school. Reduce, Reuse, and Register for this class!

Week 8 • July 27-31
PM1 • Bring Books to Life
Ready, Set, Action! You'll be in charge of the props, casting, scripting, directing, and acting in this hands-on course that brings books to life. Each day we will take an excerpt from one of your favorite books (even one that you bring from home) and act it out.

PM2 • Write All About It!
Do you like getting letters in the mail? Do you enjoy reading fun-filled books? This is the class for you! We will read books about letter writing like 'The Jolly Postman' and write letters to our family and friends. We will even dabble in writing postcards and other types of letters.
Morning Classes  9:15-11:00am

Week 1 • June 8-12
AM1 • Science Matters
In this hands-on science class we will explore solids, liquids and gases. This class will be full of experiments and excitement. How about making a volcano and watching it erupt in the classroom, or maybe you have always wanted to create goop. This class will be so much fun you won’t even realize that you are learning!

AM2 • Only Origami
Did you know that paper can sometimes become something more than just paper? In this class we will study the ancient art of Origami by learning simple techniques to make fortune tellers, whales, butterflies and so much more!

Week 2 • June 15-19
AM1 • Fractured FairyTales
The Three Little Javalinas, Dustylocks and the Three Bears, Manana Iguana are just a few of the Fractured Fairytales we will be sharing this week. Join us for a fun twist on a variety of classic stories while you learn about the writing process by brainstorming, writing, editing and publishing your very own twisted tale.

AM2 • Powered Up!
Are you looking for a class to strengthen your computer skills? You have found it! We will spend the week creating a PowerPoint presentation all about you. Yes, you will be the star and all the while you will be learning the basics of PowerPoint.

Week 3 • June 22-26
AM1 • Spaced Out!
In this fun interactive class, we will explore the distances between the planets and calculate how much we would weigh and how old we would be on other planets. We will create our own solar system and conduct exciting rocket experiments. Blast off!

AM2 • Along the Oregon Trail
Relive American history! Travel in the shoes of the first immigrants on their journey west along the Oregon Trail. Experience the sights, sounds and challenges of these first settlers and use your problem-solving skills to help them along their journey.

Week 4 • June 29- July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
AM1 • Chocolate Fever!
Do you love chocolate? During this tasty week, you will learn all there is to know about chocolate - from it’s origins deep in the rainforests to interesting chocolate facts from around the world. We will read stories about chocolate and make our very own chocolate candy bars! Yummy!

AM2 • Balloon Bonanza
Up, up, and away! Have you ever wondered what it’s like to fly a hot air balloon, or how they stay in the air? Have you ever wanted to feel like you were above it all? This is just the class for you! We will explore balloon construction and piloting and will even make and fly our very own hot air balloons! Whose will fly the farthest?

Week 6 • July 13-17
AM1 • The Presidential Hi-Five!
Have you ever wondered how our country became what it is today? In this class, we will discover five of the most important presidents in American history: George Washington, Abraham Lincoln, Teddy Roosevelt, Franklin Roosevelt, and Harry Truman. Each day we will experience how these important men lived and the influence they had on America.

AM2 • Ancient China
Come learn all about ancient China. We will dress in ancient Chinese costumes and styles, make ancient Chinese food, recreate ancient Chinese art and play ancient Chinese games! We will also learn about religion and trade in ancient China.

Week 7 • July 20-24
AM1 • Monster Mash
Are you convinced that there was a monster in your closet? Or maybe under your bed? You may be right! In this class we will explore the evolution of monsters from Hydra to Clover. We will also explore the lighter side of monsters through the movies Monsters Inc. and Shrek. So don’t be afraid to join this class!

AM2 • Culture Creation
Are you fascinated by the different cultures and traditions found all around the world? Combine this passion with your imagination to create your own culture - complete with its own government, customs and holidays! You will also get a chance to play archeologist on a quest to discover new evidence of a secret culture!

Week 8 • July 27-31
AM1 • Finger Licking Fun
Who says you can’t play with food? In this class we will not only make delicious food, but we will also use food to create crafts and conduct experiments. We will also learn about the food pyramid and good nutrition tips.

AM2 • Dancing Around the World
This exciting class explores the arts of different cultures from around the world. We will locate different places on a map, listen to their music and learn their dances. Learn how to ribbon dance and make Japanese lanterns, discover the tinkling dance and weave of the Filipinios, make African masks and Mexican dolls all in this one exciting class.
Afternoon Classes 12:30-2:15pm

Week 1 • June 8-12
PM1 • Bam! Pow! Super Heroes in Action
Come learn about all the famous super heroes through the ages - from Hercules to Iron Man. We will learn about their origins and how they changed through the years, and enjoy video clips from movies and TV shows. At the end of the class, we will use our new knowledge to create our own super heroes!

PM2 • More than Lemonade!
With a little science knowledge you can turn an ordinary lemon into something quite extraordinary. This is the class to teach you how! We will learn how to make lemon soda, lemon rockets and even make magical invisible ink!

Week 2 • June 15-19
PM1 • Exploring People and Places
Who knew geography could be this fun! Come learn new and interesting facts about Missouri and the U.S. Travel the Oregon Trail and relive the adventures of Lewis and Clark without ever leaving the classroom! We will learn how to read maps and create some of our own.

PM2 • Eggciting Eggsperiments
Put on your science caps and come conduct lots of fun scientific experiments using eggs! We will dig into the goo of eggs and test the old "egg in the bottle" trick among many more truly eggciting eggsperiments!

Week 3 • June 22-26
PM1 • Mind Bending Math
Do you like solving puzzles and brain-teasers? Well you've come to the right place! In this class we will work individually and with partners to solve interesting mathematical puzzles and brain-teasers. We will discover that there are many ways to get to a solution.

PM2 • Adventures in Spelunking
We will transform our classroom into a cave and begin our spelunking journey! In the process we will learn how caves are formed, how the first caves were used and maybe even meet some of the animals who live in caves. You will also get to create our very own cave art!

Week 4 • June 29 - July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
PM1 • String Along for fun!
Have you ever wanted to learn to play the guitar? If so, this class is for you! By the end of the week, students will have experienced a fun, hands-on approach for beginning guitarists that will teach them basic fundamentals, basic chords and notes. Campers will learn some simple songs and will receive a notebook to take home at the end of the session.

PM2 • iPod Poetry
Did you know that songs contain the same elements as poems? Join us as we learn about mood, tone, repetition, rhyme scheme, and alliteration through music. This class is designed to help you see the value of poetry through music. So charge up your iPod and bring your favorite tunes!

Week 6 • July 13-17
PM1 • Dance Flashback
Come with us for a dancing trip through time as we learn all of the coolest dances and best moves from the 1920's through today. Learn how to Charleston through the 20's, Disco through the 70's, Moonwalk through the 80's and Hip Hop through the 90's during our flashback into the world dance.

PM2 • Psych Out!
This fun class will introduce you to the study of behavior and how the things we do affect others. Using unique computer programs, we will learn about interesting psychological phenomena and even get to conduct a small psychological study of our own!

Week 7 • July 20-24
PM1 • Improv Insanity
Join our very own improv actor as he takes you through the realm of improv theatre. You will acquire the rules of improv, play fun improv-based games, work on quirky characters and build humorous scenes inspired by suggestions from the audience. If you like the stage improv is for you!!

PM2 • Pet Shop
Is your pet at home wearing you out? Do you need a break from walking the dog? This is the class for you! We will create our own hand-made pet rocks, make take-home pom-pom pals, design pet hospitals and beds and make birth certificates for our pets!

Week 8 • July 27-31
PM1 • The Ship that Couldn't Sink
Come learn all about the unsinkable ship and how it sank. In this class we will learn all about the Titanic, play hands-on games and conduct science experiments that will help us discover more about this famous ship. Ice burg dead ahead!

PM2 • Math-e-Magician
Amaze your friends with your new magical math skills! Come learn magical number card tricks and how to correctly guess the day someone was born. You will also learn how to create your own magic with numbers and hold your very own magic show!
Week 1 • June 8-12
AM1 • Improv Insanity
Join our very own improv actor as he takes you through the realm of improv theatre. You will acquire the rules of improv, play fun improv-based games, work on quirky characters and build humorous scenes.

AM2 • Bon Voyage!
If you could go anywhere in the world...where would you go? Whatever your dream destination is, this is your opportunity to become an expert of that exciting location by research, creating travel brochures, commercials and convincing everyone to take that dream vacation with you!

Week 2 • June 15-19
AM1 • Fun with Chinese
Have you ever wondered what your Zodiac sign is? In this class, we will explore the Chinese Zodiac and the importance of lucky numbers in the Chinese culture. Learn the strokes of Chinese calligraphy and even how to speak some simple phrases. We will end the class with a Chinese New Year celebration!

AM2 • Six Degrees of Kevin Bacon
Kevin Bacon’s amazing web of connections in the Hollywood realm spawned an entire area of math known as graph theory. We will start the class by exploring his connections and then move on to seeing what connections exist between all of us.

Week 3 • June 22-26
AM1 • CSI Springfield
Do you have an interest in law enforcement? If so, this is definitely a class for you to investigate. Join us as we explore the steps of crime scene investigation by fingerprinting and learning where to search for prints. We will take a look at an online autopsy and check out microscope images.

AM2 • Create a Culture
Are you fascinated by the cultures of the world? Do you love to learn about other cultures and their traditions? If so, this class is for you. Together we will create a culture by picking names, deciding on habitats, living quarters, government, education and holidays.

Week 4 • June 29- July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
AM1 • Lights, Camera, Action
Have you always wanted to produce your own movie? This is your shot at a Hollywood future. Join us as we learn how to make a video using Windows Movie maker. This movie is sure to wow your friends and family!

AM2 • iPod Poetry
Did you know that songs contain the same elements as poems? Join us as we learn about mood, tone, repetition, rhyme scheme, and alliteration through music. This class is designed to help you see the value of poetry through music.

Week 6 • July 13-17
AM1 • Patterns Aren’t Just for Sewing
Mathematical art is the topic for this class. We will begin with using shapes and tangrams constructing both 2-D and 3-D art. We will then look at Escher’s impossible art and campers will attempt a simply impossible piece!

AM2 • Debate 101
Have you always loved debate? In this class we will learn the differences between different debates, the rules for each and how to set up a real debate case. Practice debating your favorite subjects right here at Camp Bear in this fundamental class.

Week 7 • July 20-24
AM1 • From “The Real” to “The Fantastic”
In this artistic drawing class you will be using pencil and watercolor pencil to draw your favorite images while studying both scientific and artistic illustrations. In this class, an imagination will be needed to make up a fantastic image by morphing, assembling or exaggeration.

AM2 • Game On!
Do you love winning all games played with family and friends? This class is for you! Battleship, Dominos and many popular table top games will be explored in this class as we discover how to always come out on top!

Week 8 • July 27-31
AM1 • This is Your Life
Have you ever had the desire to become an author? Start by creating an autobiography about your life. You will create an original time line of important events so far and take it from there. Develop a writing technique while also remembering your happiest memories!

AM2 • Psych! Made You Look
In this class, we will have a quick introduction into the world of psychology by logging onto the web. We will focus on fun model activities such as maze learning, perspectives and then spend the week investigating the psychology behind your favorite mysteries!
Are you up to a challenge? Cool and intriguing classes make for an extraordinary fun-filled day with your friends! For campers entering grades 7-9.

Camper must pick ONE morning (AM) class and ONE afternoon (PM) class for each week attending.

Afternoon Classes  12:30-2:15pm

Week 1 • June 8-12
PM1 • Konichiwa
Greetings from the Land of the Rising Sun! During this eye opening week we will be learning about a culture that is full of history and interesting customs! Come and join us as we travel across the world to Japan.

PM2 • Bon Appétit!
The French have returned! Come celebrate life and taste delicacies from the Old World. We will listen to the French National Anthem, make French memorabilia and cook French food. Did someone say “Hungry”?

Week 2 • June 15-19
PM1 • Horses 101
Join the MSU Equestrian Team coaches as they teach you how to catch, lead, groom and saddle our four-footed friends. In this class we will familiarize you with the parts of the horse, common colors and the four gaits. By the end of the week you will be able to mount and control your horse’s directions and speed in the arena.

PM2 • Take Me Out to the Ball Game
Grab your glove, enjoy a hot dog and the roar of the crowd…it is officially baseball season! In this exciting, fun filled class, we will bring the greatest game ever to the classroom through literature, geography and math. This class will hit one out of the park.

Week 3 • June 22-26
PM1 • Food Fear Factory
Are you tired of the same ole dinner? Want to add some fun to your gums? This class will increase your appetite when you bite into a squishy worm or gooey green glob of... The secret is out, food has never been more frightening! Dare to dine with us?

PM2 • Funnology Technology
This class will center around introducing students to technology and using multi-media. We will learn about formatting pictures on your computer and making videos with pictures and music. You will design your own magazine cover, make CD and DVD covers. This class is all about learning to enjoy technology and how to be creative while doing so!

Week 4 • June 29-July 2, NO ACADEMIC CLASSES
Special Field Trip Week For All Campers! (see page 2)

Week 5 • July 6-10
PM1 • Helping Hands
Learn how to give back to your community in this class all about providing a helping hand. We will get the chance to work with the Ronald McDonald house, Newborns in Need, the American Cancer Society and many other groups that work to help those in need.

PM2 • Puppetry 101
As a child did you love puppet shows? Join us as we master how to work professional puppets. We will enjoy music and skits while learning to handle, care for and manipulate our stringed friends. We will make a simple curtain show to hold throughout campus! Don’t miss out on this class!

Week 6 • July 13-17
PM1 • Horses 101
Join the MSU Equestrian Team coaches as they teach you how to catch, lead, groom and saddle our four-footed friends. In this class, we will familiarize you with the parts of the horse, common colors and the four gaits. By the end of the week you will be able to mount and control your horse’s directions and speed in the arena.

PM2 • Simple Sign Language
Learn a new language...with your hands! The sky’s the limit with learning the ropes to speak with the hearing impaired. Introduce yourself to a culture you may never have experienced but can share right here in our community. Come and sign with me!

Week 7 • July 20-24
PM1 • Up, Up and Away
It’s a bird, it’s a plane, no it’s a kite designed by you! In this class filled with high-flying adventure you will become a kite expert! We will begin by learning about the surprising history of kites, we will create miniature kites representing various countries and then after all that practice we will be creating the real deal, your very own piece of history...a kite designed by you.

PM2 • Sports Statistics
Ever wonder how all these sports’ statistics are calculated? Each day we will dive into a different sport in order to study the history of their stats and do simulations of our own. Join us as we run stats for baseball, softball, basketball, football, swimming and volleyball.

Week 8 • July 27-31
PM2 • Artistic Calligraphy, Unusual and Wild
Is Calligraphy an art you would like to discover? If so you have ventured into the correct class. We will use a western calligraphy pen, flat brushes and the Chinese brush to create artistic calligraphy. You will learn about the similarities and differences in the techniques of different calligraphy while making your own artistic note cards and drawings.

PM1 • Fun Party!
Become your own party entertainer on the side after completing this exciting class! We will learn how to entertain children with puppetry, illusions, face painting and balloon sculptures. We will work on decorating tips, make party hats and even easy party snacks. This class is sure to be a PARTY!
Cancellation/Refund Policy:
Individual cancellations must be received in writing no later than 7 days prior to the start of each week of classes to ensure a full refund minus a 15% processing fee. Transfers from one week to another week will be allowed without penalty as long as space is available. Cancellations after the 7-day deadline – no refunds. There will be no refunds for students who voluntarily withdraw for any reason before the end of the class week or who are asked to leave for disciplinary reasons. Missouri State University reserves the right to cancel classes.

Discount Eligibility:
**Returning:** Must have attended at least one summer between 2002 and 2008.
**Sibling:** Brother/sister is also attending camp 2009.
**Missouri State University:** Parent/grandparent is a current employee or student at Missouri State University.

Payment Plan Available
One, initial $75 deposit required. Payments can be made on the balance week-to-week but must be paid in full seven days in advance of each week attending or your registration will be cancelled.

Financial Aid
Limited partial aid is available based on need, merit and funds available. Please contact Marci Moad at (417) 836-3141 for an application. Deadline for applications is May 2, 2008.

**Academic Staff** members are chosen by the Camp Bear selection committee based on experience, talents and the high educational quality of enrichment classes proposed. They come from various school districts or are professionals in their area of expertise. Academic Staff are responsible for the care of the campers during scheduled class time.

**Recreation Staff** members are carefully screened and selected from a number of highly qualified and mature applicants. This staff is a dynamic group of individuals who are eager to have fun and teach good sportsmanship and teambuilding skills to all campers. They are responsible for the care of the campers at all times except when they are in academic classes. All staff members are upper-level college students who have passed extensive reference and background checks.

**Staff Information**

**4 ways to register!**

**MAIL** Send your completed registration, camper information forms and payment to:
Missouri State University
College of Education - Camp Bear
901 S. National Avenue
Springfield, MO 65897

Please make checks payable to Missouri State University.

**CALL** (417) 836-3141

**EMAIL** For more information, CampBear@MissouriState.edu

**ONLINE** www.CampBear.MissouriState.edu

Enrollment
Classes are one week in length. Class sizes are limited to 15 students for grades K-3 and 18 students for grades 4-9. We recommend early registration in order to secure your choice of classes. If classes are full or enrollment is low in a particular class, we will notify you immediately to discuss alternative course options. Waiting list registrants with full payment will receive top priority in filling openings.

Payment
Minimum $75 deposit per child will secure your registration in the program. Full payment is due seven (7) days prior to start of each class or your registration will be cancelled. Upon receipt of your completed registration, you will receive a confirmation letter with additional camp information to help you and your child prepare for Camp Bear.

Payment Plan Available
One, initial $75 deposit required. Payments can be made on the balance week-to-week but must be paid in full seven days in advance of each week attending or your registration will be cancelled.

Financial Aid
Limited partial aid is available based on need, merit and funds available. Please contact Marci Moad at (417) 836-3141 for an application. Deadline for applications is May 2, 2008.

**Copies of current immunization records are required for attendance.**

**Parent Authorization**

I know that every reasonable and customary precaution will be taken to assure the safety of everyone. I waive all claims in the event of an accident or injury absolving the Missouri State University-Summer Youth Program and all individuals thereof, from responsibility. In cases of illness of my son/daughter, I authorize Missouri State University-Camp Bear, through the appropriate staff, to seek medical treatment at my expense. I recognize that Missouri State University is not a “peanut-free campus.” I give permission to Missouri State University-Summer Youth Program to use photos/video taken of my son/daughter at the camp for promotional use only. I have read the policies and agree to cooperate. I understand that the balance of each session’s fee is due one week prior to beginning of session.

Bear Essentials

What to Wear and Bring
- Wear appropriate, comfortable, summer clothing.
- Tennis shoes are highly recommended.
- Bring a swimsuit and towel on Fridays.
- Grades K-3: Bring lunch and drink on M, W, Th and F. DO NOT BRING MONEY!
- Grades 4-9: Bring lunch and drink on M, W, Th and F, or bring money to purchase food from Plaster Student Union vendors.

Supervised Early Drop-Off and Late Pick-up
Early drop-off: 7:30am-8:45pm
Late pick-up: 4:30pm-5:30pm*
We offer a safe, supervised environment to gather, rest and play before and after the program day.
*A late pick-up charge will be billed to any child picked up after 5:30pm.

Lunch!
FREE buffet lunch on Tuesdays at Blair-Shannon cafeteria! Please bring sack lunch with drink on Monday, Wednesday, Thursday and Friday. An afternoon snack is provided as part of Camp Bear.

(Recreation activities led by qualified staff will occur all over campus using Missouri State University facilities and equipment.)

For More Information
Call 417-836-3141 or go to our Web site at http://CampBear.MissouriState.edu
Camp Bear Director, Marci Moad, 417-836-3141; DianaMoad@MissouriState.edu

Grades K-3 Located at Greenwood Laboratory School
Campers in K-3 will be dropped off and picked up at Greenwood (located on the Missouri State campus at 1024 E. Harrison).

Grades 4-9 Based at Plaster Student Union
Campers can be dropped off and picked up in the circle drive in front of Plaster Student Union (located at 1110 East Madison Avenue on the Missouri State University campus.) Temporary parking is available in metered Lot #7 (northeast of Plaster Student Union).
Two, one-week sessions (Mon-Fri) will be held at the Jim D. Morris Center for Continuing Education from June 1-5 and August 3-7, 2009. All classes, field trips and recreation activities will be held in the downtown Springfield area.

Open to children entering grades K-9 in the fall, this program has limited enrollment. To ensure the delivery of relevant and age-appropriate content, the Downtown Week camp is divided into two age groups – K-3 grade and grades 4-9. Each group will have one morning and one afternoon class. Camp recreation staff will supervise afternoon activities at the various downtown locations.

The daily schedule for Camp Bear Downtown is the same as for the summer day program, except that drop-off and pick-up will be at the Jim D. Morris Center for Continuing Education located on the SW corner of Jefferson Ave and McDaniel Street (301 S. Jefferson Ave) in downtown Springfield.

Do you have a child that’s not ready for Camp Bear yet?

University Child Care Center offers a high quality early childhood program for children ages 2 to 5 during the fall, spring and summer semesters. For more information go to www.universitychildcarecenter.org, call (417) 866-0980 or e-mail ChildCare@MissouriState.edu.
Zazzy Adventures

This evening and weekend program encourages every child to develop an appreciation of the world around them and a life-long love of learning. Zazzy Adventures gives campers the opportunity to take adventures through hands-on educational approaches, using computers, exploring their outdoor surroundings, challenging themselves in new educational environments and even in other countries.

Missouri State Bear Care

Year-round Youth Programs

Camp Bear won’t be ending when the kids go back to school! We are proud to introduce our Bear Care program through which we will offer an exciting mix of recreation activities and field trips with a focus on safety, sportsmanship, proper conduct, communication and team-building to youth in kindergarten through the eighth grade.

For more information, please check the website at: http://CampBear.MissouriState.edu
August 10-14, 2009

This coming summer, Camp Bear will once again celebrate the richness and diversity of Chinese culture and heritage through a week long summer camp for kids age 3 to 13. At Camp Panda, campers will be introduced to, and invited to explore, the art, music, language and games of China.

Campers will study the Chinese language, learn to play various Chinese wind, string and percussion instruments and learn to sing popular Chinese children’s folk songs! They will also discover how to paint in the style of ancient China.

Not your average summer camp, Camp Panda gives you and your child a unique opportunity to experience this culture that is rich in history and steeped in tradition! Most of the classes are taught by native Chinese speakers who have years of experience teaching children.

This program is jointly organized by the International Adoptive Families of Southwest Missouri and Missouri State University Youth Program.

For more information, please check the website at: http://CampBear.MissouriState.edu

Three Ways to Register
